The KLIP fosters social, cultural, and economic benefits for the Kootenay region. Such arrangements promote awareness of, and appreciation for, diversity and strengthen the connection between the district and other countries. With the goal to offer a rich intercultural and educational experience for both the district and international students.

The International Student Program supports the integration of international students into schools as a means of increasing intercultural and international understandings. As such, the program focuses on the positive benefit to the learning of international students and the local students that can benefit from the impact of learning in a diverse environment.

The KLIP supports and is in alignment with the SD8's Strategic Plan, and follows both district policy and provincial legislation.

General Recruiting Information

The District Principal responsible for International Education is responsible to develop a recruitment and marketing plan to inform decisions to strategically build a sustainable International Student Program. The District Principal is responsible to research, evaluate and determine potential markets that will build a culturally diverse and active program. The recruitment and marketing plan will be presented for approval to the Superintendent of Schools in May preceding the upcoming school year.

The following guidelines are followed when implementing the recruitment strategy:

1. Possible recruiter positions are determined by the district principal and are approved by the Superintendent and are hired through a transparent and competitive hiring process. Successful candidates are hired based on relevant experience, education, and personal suitability for the market and the position.
2. The recruitment strategy will be based on market analysis and guided by sound financial decision making. Each represented market must strive to become profitable. Markets will be reviewed annually to determine their viability.
3. To minimize the disruption to the district and student experiences, school-based staff are not eligible to become recruiters for International Education.
4. Recruiter contracts are developed that maximize revenue potential for the International Student Program. Contracts are to renew annually.
5. Recruiters must sign a personal services contract and adhere to the policies and procedures relevant to their position.

Responsibilities of the Recruiter include:

- Maintaining current understanding of the current curriculum and pedagogical practices, Ministry of Education initiatives and policies, the Kootenay Lake International Student Program, relevant school district policies

Recruiting Travel Protocols

While on travel status on behalf of the International Education department, the district expects the highest standards of conduct from its employees and contractors and views these standards as paramount to developing and maintaining the public's trust and confidence in the district and the public education system. Employees and contractors working for the district must act in accordance with the privileged position of authority, trust and influence they hold.

General Travel Guidelines

The Director of Instruction for International Education authorizes travel for recruiters three months prior to departure for employees and contractors. The Recruiter must submit a Recruitment Plan prior to booking a recruiting trip.

1. Employee and Contract Recruiters must work with the school district's authorized travel agent to book their trip in the most fiscally responsible manner. To alter a trip based on personal preference, the Recruiter must first schedule their trip with the travel agent and submit this to the Director as part of the Travel Summary. Booking adjustments can be made based on personal preferences and must be made within 24 hours of the original booking. The final travel arrangements will be submitted in the Travel Itinerary and Travel Summary forms. It must be demonstrated that these changes did not incur cost to the International Student Program by submitting both the original and adjusted travel itinerary.
2. If a recruiting trip ends on a Friday, the Recruiter may extend their trip to the end of the weekend. If this occurs, the employee or contractor must book the original trip with a return date prior to the weekend and change the ticket within 24 hours at their own expense.
3. Employee recruiters may take vacation or leave of absence time to extend their recruiting trip, as per their contract and authorization from their supervisor provided these guidelines have been met.
4. Employee and Contract Recruiters must not allow personal objectives to interfere with their ability to perform their recruiting and marketing duties.
5. If the Employee or Contract Recruiter is travelling with a companion, they must do so with the prior authorization of the Director.
6. Hours of work are determined by event and agent bookings but should be scheduled to minimize the length and cost of the trip.
7. Employee and Contract Recruiters must be mindful of their reputation and of the scrutiny of public perception in the use of public funds. The use of social media to post personal moments while on a recruiting trip is not appropriate.

8. Employee and Contract Recruiters must demonstrate that they have appropriate medical insurance and vaccinations for travel to their destination.

Prior to Travelling

1. The Recruiter must submit a Recruiting Plan prior to booking a marketing trip.
2. Prior to departure on the trip, the recruiter will submit the Prior to Travel Checklist Form to the Director of Instruction overseeing International Education.
3. Although travel arrangements should be made at the least cost to the International Student Program, in cases where there is an extended duration of travel, an employee's health and well-being must be considered in making travel arrangements. Adjustments to economy travel must receive authorization from the Director of Instruction overseeing International Education prior to booking.

During Travel

1. An employee or contract recruiter must contact their employment, program coordinator or contract supervisor each day while on travel status with the International Education program.
2. The recruiter will maintain appropriate documentation and receipts in order to prepare an expense claim form upon return.

Following Travel

1. An employee or contract recruiter must submit a travel expense claim form to the Director within the month of a marketing trip.
2. An employee or contract recruiter will submit a trip summary and an agents/contacts list to the Director of Instruction within the month of a marketing trip.
3. It is acknowledged that employee recruiters have unpredictable schedules during recruiting trips and are often required to work or travel during evenings, weekends, and holidays. In addition, travel across several time zones can lead to jetlag and impaired performance at work. As such, travel that is greater than one week in length and/or greater than three time zones away may take one travel recovery day during the workday following the day returning from the recruiting trip. If the employee returns on a Saturday, they may take the following Monday as a recovery day. If the Monday falls on a holiday, the employee may either take the day following the holiday.

International Student Program – Conduct, Conflict Resolution, and Concerns

The International Student Program is committed to responding to concerns and resolving issues to ensure our students have an exceptional educational experience. The International Student Program staff and school-based staff will work together as a team to act in the best interests of international students.

International students must comply with the School District 8 (Kootenay Lake) and [Homestay Codes of Conduct](#).

Students enrolled in the International Student Program; this applies to students while they are in their homestay arrangements. While resident students of the School District are not generally under the jurisdiction of the District when they are in the care and control of their parents, international students are in a different category. They must conduct themselves in an acceptable manner at all times under the jurisdiction of the district insofar as their behaviour is concerned during the entirety of their enrolment.

Process for an International Student that Contravenes

A homestay student that contravenes either the School District No. 8 (Kootenay Lake) or the Homestay Codes of Conduct shall be subject to the following progressive discipline:

First Contravention

1. For matters that arise at the student's school, the student will be subject to progressive discipline, reflective of the age of the student, and the severity and frequency of the unacceptable conduct. The discipline will be fair, consistent, and meaningful, for the purpose of making restitution and enhancing student responsibility and self-discipline. The School Principal will notify the Homestay parents, District Principal of International Education, and other agencies as deemed appropriate for any particular incident. The District Principal of International Education will contact the natural parents and the Education Agent.
2. Where the student's behaviour at school or in the Homestay is deemed to have a significant detrimental impact the District Principal of International Education will be contacted. The District Principal of International Education shall provide documentation of the behaviour, along with a written warning that a further offence will be reason to remove the student from the Homestay, and to dismiss the student from school. This documentation shall be placed in the student file and shall be copied to the School Principal, the natural parents, the Superintendent, or designate, and the Education Agent of the student.

Second Contravention

1. Upon report of a second incident of unacceptable behaviour that is deemed to have a significant detrimental impact on the homestay family or school, the District Principal of International Education shall seek approval from the Director of Instruction - International Education and the Superintendent to remove the student from the school, revoke Custodianship, and the student's Study Permit;
2. If approved, the District shall inform the natural parents and the Education Agent that the student is dismissed and shall cooperate with the natural parents to make arrangements to have the student leave the District at the earliest possible time. If approval is not granted, the Second Contravention shall be treated as the First Contravention;
3. As per the published Refund Policy, school fees for the remainder of the school year will not be refunded. As per the published Homestay Agreement, two weeks of homestay payment will be paid to the homestay family and the balance of homestay monies will be refunded.

Exceptional Circumstances

There are times when the behavior of an international student is so egregious that the student's participation in the International Programs may be terminated at the first offence and at the discretion of the Administrators of the International Programs and the Superintendent without any refund of fees, and that the student may be sent home at the parents' expense if he or she does not adhere to the school district rules, standards, and instructions as set forth in the school's agenda, handbook and this Agreement, and any related policies or guidelines. Examples of conduct giving rise to the removal of a student from the District include but may not be limited to: chronic absenteeism, the use of, and/or involvement with, illegal drugs or alcohol, flagrant misbehaviour or the identification of an intentional misrepresentation on the student's application for enrolment, etc. Students removed from the program by the district will be returned to their natural parents, at the student's expense, by the first available transport.

International Education Budget and Revenue Planning

The District Principal overseeing the International Education portfolio will prepare a draft preliminary budget, based on enrolment projections for the next school year by April 15th annually. This will guide the development of the next years' draft budget plan. A finalized budget will be prepared by June 15th.

Fee Schedule

International students pay tuition fees to attend school in the school district. The amount of these fees shall be established by the Secretary-treasurer by December 15th of each year for 2 subsequent years.

Fees are based on the cost of providing an education and cultural experience to an individual student. Fee structures are recommended by the Director of Instruction to the Secretary-treasurer and approved by the Superintendent

All fees must be paid in full and received by the District prior to the student's commencement of studies in the school district.

In the event that an applicant does not come to Canada or decides to leave the District for personal reasons, a portion of the paid tuition fee may be refunded. All requests for refunds must be made in writing. Refunds will be granted on the basis of the refund policy outlined on the [International Student Program Application](#) and outlined in the Kootenay Lake [Refund Policy](#).

A refund will not be paid to students removed from the program by the district due to violations of school or program rules or requirements. Examples of conduct giving rise to the removal of a student from the district includes - chronic absenteeism, the use of, and/or involvement with, illegal drugs or alcohol, flagrant misbehavior or the identification of an intentional misrepresentation on the student's application for enrolment. Students removed from the program by the District will be returned to their natural parents, at the student's expense, by the first available transport.

Student Applications

Student applications must be facilitated through an Educational Agent. Agent fees are provided at 15% of tuition fees for the first year, and 10% for all years after that the student is attending in the District.

Refund Policy

The Board of Education of Kootenay Lake School District No. 8 (“School District” or “we”, “us” or “our”) is pleased to offer to international students an opportunity to attend and participate in educational studies in British Columbia (each an “Educational Program”). This document explains our procedures for refunding fees when a student enrolls in an Educational Program and later seeks to withdraw.

These procedures may change from time to time, and any amendments will be effective when posted. If there is any conflict between these procedures and the terms of your Agreement with the School District, the terms of the Agreement will govern.

1. Relationship to Agreement. This Schedule forms part of the agreement (“Agreement”) to which it is appended, which is between the School District and the parents/guardians of a student (“Student”) for the provision of an educational program to the Student (the “Educational Program”).

2. Scope. This Schedule governs requests for refunds of payments that have been paid to the School District on behalf of the Student including by his/her parents/guardians under the Agreement (the “Fees”). This Schedule does not apply or impose any obligation on the School District to refund or reimburse any amounts paid by on behalf of the Student including by his/her parents/guardians to third parties.

Making a Request for Refund

3. Applications for Refunds. A request for a refund of Fees paid to the School District may be made, excluding the Non-Refundable Fees listed in section 4, (the “Program Fees”) in the event that the Student voluntarily withdraws or is withdrawn from the Educational Program. Requests for refunds must be submitted to the School District in writing, state the reason or basis for the cancellation or withdrawal and must be accompanied by supporting documentation.

4. Non-Refundable Fees. The following Fees are not refundable (“Non-Refundable Fees”) in any circumstances and regardless of the reason for a student’s cancellation or withdrawal:

a. Application Fee of \$350

b. Any fees or expenses that have been collected by the School District and are payable or have been remitted to third parties on the Student’s behalf (e.g. medical fees, insurance fees, assessment fees) (“Third Party Payments”).

When Refunds are Not Available

5. Refunds shall not be issued for a Student who:

a. is suspended or expelled from an Educational Program or required to withdraw due to their own inappropriate behavior, such as where the student fails to comply with the School

District's Code of Conduct or any applicable laws or the rules, policies or procedures of the School District or its homestay program.

b. is removed from the Program because information provided in their application for enrollment is determined by the School District to be false or misleading, including undisclosed illness, medical or mental health conditions or undisclosed educational needs; or

c. submits a request for a refund more than 30 days after the commencement of the Educational Program.

6. **Eligibility.** The School District will refund Program Fees with respect to a withdrawing Student in accordance with the following terms, and subject to the limits set out in this Schedule. The School District will refund Program Fees in the following circumstances:

a. the Student is refused a study permit by Immigration Canada, provided that the refusal is not due to the Student's delay or failure to apply sufficiently in advance of the commencement of the Educational Program and subject to the Student providing supporting documentation satisfactory to the School District;

b. the Student is unable to travel to Canada due to travel bans or restrictions imposed by a provincial or the federal government of Canada or the government of the Student's country of residence; or

c. the School District is satisfied that the Student is medically unfit or unable to travel to and attend in Canada to participate in the Educational Program, provided that the Student supplies, upon request, appropriate medical documentation supporting the reasons for the request, and the Student or his/her parents/guardians were unaware of the medical restriction at the time of acceptance of this Agreement; provided that the refund request is received at least 14 days prior to the commencement of the Educational Program.

7. **Refund Request Deadlines:** Program Fees are not refundable if notice of cancellation or withdrawal is provided to the School District less than 14 days prior to the commencement of an Educational Program.

When Refunds will be Considered

8. **Calculation of Refund Amount.** The Student and his/her parents/guardians acknowledge that the withdrawal of the Student from the Educational Program will cause the School District to incur loss, including loss of income and the costs and expenses associated with the Student's placement and intended provision of an Educational Program. The School District reserves the right to limit the refunded Program Fees to offset its own losses and expenditures arising from the Student's withdrawal from the Educational Program. In the ordinary course, the following limits will be applied to a refund of Program Fees:

a. Two-thirds (2/3) of the Program Fees will be refunded in the event that the withdrawal is submitted less than 90 but more than 60 days prior to the commencement of the Program;

b. One-half (1/2) of the Program Fees will be refunded in the event the withdrawal is submitted within 60 but more than 30 days of the commencement of the Educational Program; and

c. One-quarter (1/4) of the Program Fees will be refunded in the event the withdrawal is submitted less than 30 days but more than 14 days of the commencement of the Educational Program.

* The reduction in amount of Program Fees refunded may differ depending on the program area. Please refer to your contract with the School District for more information.

9. If a Student and the parent with whom they reside become “ordinarily resident” in British Columbia (within the meaning of the British Columbia School Act) after the payment of the Program Fees, but prior to the commencement of the Educational Program such that they are entitled to an educational program from the School District free of charge, the student shall be entitled to a refund of the Program Fees provided that the School District receives notice and proof of the changes of residency status prior to the commencement of the Educational Program.

10. Cancellation or Interruption by the School District. In the event of a cancellation of the Educational Program by the School District, the School District’s sole obligation and liability to the Student and his/her parent/guardian shall be to pay:

a. A full refund of the Program Fees in the event that the School District cancels the Educational Program prior to its commencement.

b. A partial refund of the Program Fees in the event that the School District cancels the Educational Program after its commencement, which refund shall correspond to the portion of the Educational Program not delivered, calculated pro rata on a daily basis.

No refunds shall be issued under this section 9 if the Student withdraws prior to cancellation by the School District. For greater clarification, the School District will not refund the Non-Refundable Fees.

11. Communicable Disease Delays or Interruptions - We are not responsible and shall not be liable for any delay or interruption in the Educational Program that arises out of or is caused, directly or indirectly, by a pandemic, including without limitation any associated public health requirements, travel restrictions, civil unrest, or operational closures.

12. In anticipation of the possibility that an Educational Program may be disrupted due to Communicable Disease related causes, we encourage students to obtain appropriate insurance coverage to address any and all possible losses, including the loss of travel or other expenses

incurred by the student in contemplation of his/her attendance and participation in the Educational Program. The School District shall not be liable for any such losses or expenses.

13. In the event of a disruption or delay in an Educational Program, the School District will make reasonable efforts to resume delivery of the Educational Program as soon as we can do so safely and in accordance with legal requirements and public health guidance. We reserve the right to facilitate delivery by making changes to the Educational Program, such as by delivering the services by alternative means.

Delays and Interruptions - Force Majeure

In the event that the School District is not able to perform its obligations under this Agreement or the delivery of the Educational Program is delayed or interrupted as a result of events outside of the School District's control, including, without limitation, because of strikes, pandemics, disease outbreak, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or Acts of God, and interruptions, loss or malfunction of utilities, communications or computer (software and hardware) services, the School District will not be considered in breach of this Agreement by reason of such delays or non-performance and shall not be liable to the student or his or her parents/guardians for any loss, injury or expense caused by or arising out of such delays, interruptions or non-performance. In such circumstances, the School District will provide students and their parents/guardians with prompt notice of the intervening event and shall use reasonable efforts to resume the Educational Program as soon as it is legally permissible and the School District, acting reasonably, is practically able to do so. In such circumstances, the School District may, at its discretion, resume the Educational Program through alternative methods of delivery, including distance, online or distributed learning.

Extra costs that may apply to extracurricular activities are the student or natural parent.

TERMS THAT APPLY WHEN PARTICIPATING IN HOMESTAY PROGRAM
--

1. As a participant in the School District's International Program Homestay option, the terms and conditions set out in this part will apply.
2. Students may expect to be welcomed into the home with the spirit that they are new members of the Host Family. They will be invited to partake in family outings and other activities. They must be provided with reasonable use of the house and amenities. The term "reasonable" means that the visiting student should enjoy the same privileges and opportunities enjoyed by the Host Family's own children of similar age. In short, they will be treated like a member of the extended family.
3. The student is not responsible for purchasing their own linens, blankets, towels, etc.
4. The use of family toiletry articles, such as shampoo, soap, etc., is open to students, but, if they have special requests or needs in this area, they must pay for these themselves.
5. The student is responsible for all their own mobile phone costs. If the student and the host agree to the student having their own telephone line, the student is responsible for all costs incurred including installation and monthly charges.

6. The use of the family television, Internet, stereo and other such household items is under the control of the Host Parents. If it should become apparent that the student should be spending more time on study (as reflected in school marks, comments), use of these items may be restricted by the Host Parents.
7. The student will be provided basic Internet access at no cost, subject to reasonable limits on data usage.
8. The student will be provided with a key to the house (and to their bedroom, if a lock is installed).
9. The student will have access to laundry facilities.
10. The student understands that s/he is ultimately responsible for all of his/her own personal entertainment costs and personal supplies, including school stationary supplies.
11. The Host Family will provide a clean, orderly, pleasant, and safe living environment for the student. The student will have a private bedroom with natural sunlight, a desk, chair, dresser, closet, night table, lamp, and bed. The Host Family will not enter the student's bedroom without consent except in emergency circumstances, where there are concerns over the health or welfare of the student or when the student is not present. The student will not enter the bedrooms of any Host Family members without permission. The Host Family must provide a lock for the student's bedroom if the student makes such a request. The student will provide the primary host with a copy of the key to their bedroom door if this door has a lock fitted.
12. The student will have access to a private or shared bathroom that is clean and hygienic with adequate fixtures that are in good repair.
13. The Host Family will provide the student with written house rules. The primary language spoken in the Host Family home will be English.
14. The Host Family is not responsible for housing the student's visiting family members (if any) during the course of the year unless otherwise agreed. The student will not invite visitors/friends into the home to visit or study unless given specific permission to do so by the Host Family.
15. The student will never have visitors/friends stay overnight in their bedroom or elsewhere without prior permission from the Host Family and Homestay Contractor. The student will not stay overnight other than in the Host Family home without prior permission from the Host Parents and the Homestay Contractor.

16. The student will share the

The student agrees to follow all house rules regarding behavior, curfews, attendance at meals, etc. and to occasionally share in the performance of household duties normally undertaken by the household's own children.
18. The student understand that the Host Family will provide guidance and supervision to the student consistent with that which would be provided by a careful and prudent parent.
19. The student may be held accountable for any intentional or accidental damage they cause to the property or possessions of the Host Family caused by the student. The cost of damages will be the financial responsibility of the student or natural parent.
20. The School District may at any time change the Homestay arrangements, including, without limitation, moving the student to a different Host Family.
21. Fees for participation in the Homestay program are as set out in the annual International Program Fee Schedule.

- It is understood that this authorization is not given in advance of any specific diagnosis, treatment or hospital care being required but is given to provide authority and power on the part of the School District to give specific consent to any and all such diagnoses, treatment or hospital care such physician may deem advisable.
